

Sally's Pix

Astronaut Sally Ride said that her favorite part of being in orbit was looking out the window of the Space Shuttle at Earth below. What was her view—what does Earth look like from space?

Purpose: Introduce students to views of Earth from space.

Length: 5 to 7 minutes

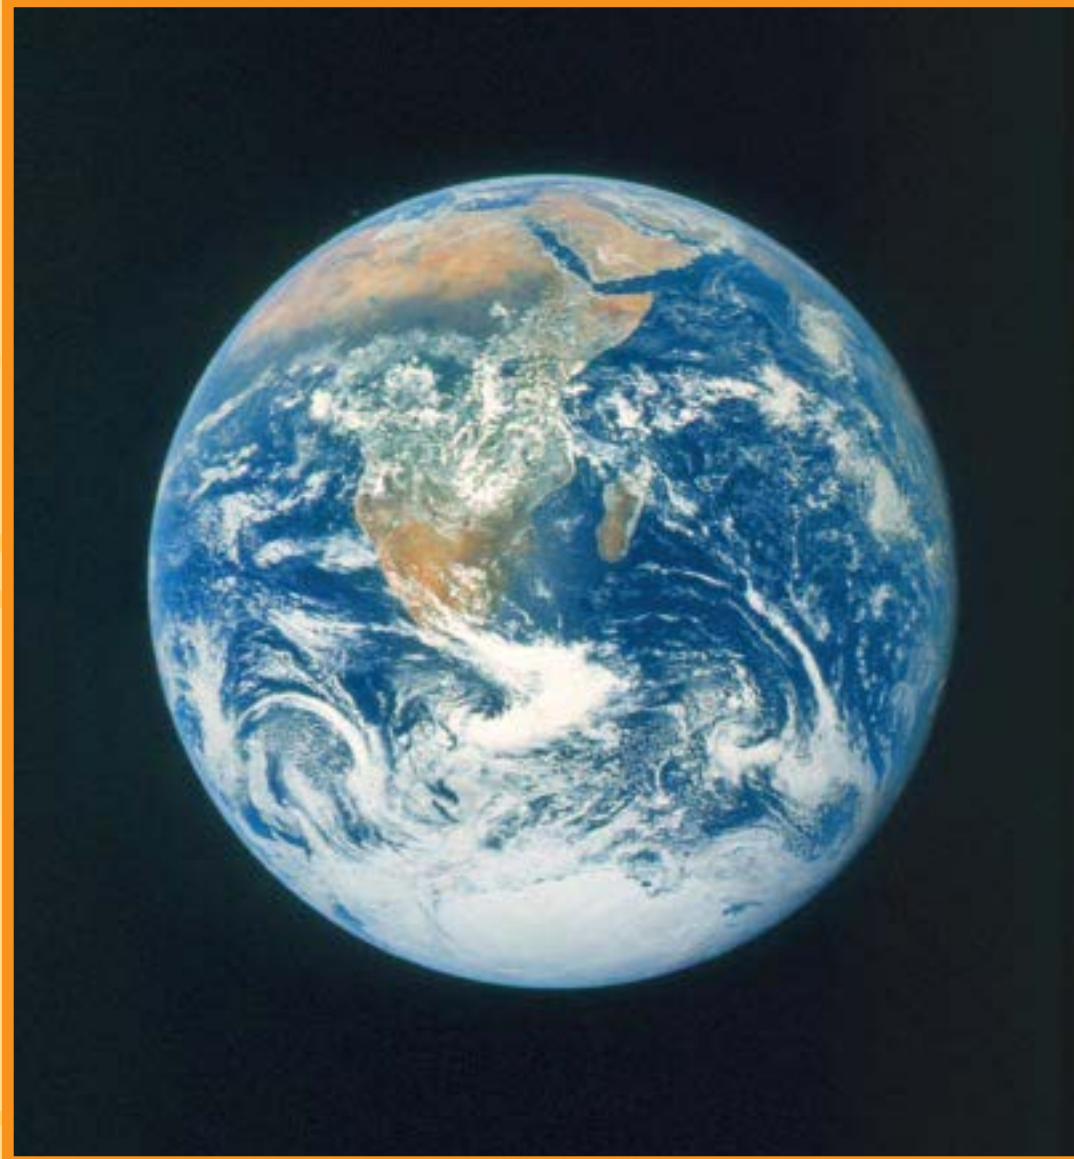

Materials:

- Five "Sally's Pix" photos of Earth
- "Blue marble" photo of Earth

Pass around some photos of Earth that Sally often used in the talks she gave. Discuss Earth from above and Earth in the solar system.

Sally's Pix Earth, the Blue Marble

Sally's Pix San Diego

Sally's Pix Strait of Gibraltar

Sally's Pix Florida

Sally's Pix Hawaii

Sally's Pix Persian Gulf
